

Q3 EURid's Quarterly Update

2026

Following the .eu 20th anniversary celebrations in Q2, the third quarter offered an opportunity to reflect on two decades of .eu and its place in Europe's digital environment, while continuing to look ahead at the issues shaping the internet today.

From discussions on [Internet Governance](#) and [.eu's role in European digital identity to practical guidance for businesses](#) choosing their online identity, EURid continued to contribute to conversations around a trusted, inclusive and sustainable European internet.

Other quarterly highlights

- EURid participated in the 20th edition of the [European Summer School on Internet Governance](#) (EuroSSIG), held from 26 July to 1 August in Meissen, Germany. Bringing together fellows and faculty from around the world, the programme provided a multistakeholder learning environment to explore the many dimensions of Internet governance.
- The [2026 .eu Web Awards](#) nomination period ran throughout September, attracting 192 nominations from 22 countries and making this another truly European edition of the .eu Web Awards.
- EURid thanks [IAB Europe](#), which has concluded its membership with EURid, for its engagement and contribution over the years. Through its representatives, the organisation made a valuable contribution to the exchange of ideas, perspectives and expertise within the .eu community.
