

Q4

EURid's Quarterly Update

2025

In Q4 2025, .eu recorded **193 047 new registrations**, continuing the steady growth seen throughout the year and confirming the overall health of the .eu domain name space.

Key highlights included the celebration of **10 years of CodeWeek**, through which EURid has reached around 4 000 children since its inception. In 2025, workshops engaged more than 350 students across Europe.

EURid was also cited in the **Interisle Cybercrime Supply Chain 2025** study as an example of effective preventative practice, recognising our use of name-pattern checks and delayed delegation to mitigate abuse and protect the .eu environment.

In addition, EURid successfully hosted a **.eu Day at the European Parliament** focused on Digital Sovereignty, with contributions from academia, the European Commission, and European businesses.

Finally, the refreshed **2025 .eu Web Awards** announced 25 finalists and achieved a record **57 451 public votes**, the highest in the awards' 11-year history, culminating in the announcement of **five category winners** on 4 November.
